
RITE NOW @ ROP

Desert Lily Academy is proud to partner with I Support the Girls, a non-profit organization that works with over 300 business, corporations, and organizations to provide donations to ensure women are not forced to choose between needs like food and shelter and their menstrual and hygiene product necessities. I Support the Girls and Desert Lily's goals align, helping young ladies to maintain their dignity, increase their self-esteem, and feel empowered regardless of the challenges life has thrown at them.

Recently, I Support the Girls donated more than 95 cases, totally more than 13,500 Lola maxi pads, to the girls at Desert Lily Academy. Not only will the girls utilize those while at DLA, but care packages were also packed up to send with them when they transition back into the community. They were also able to provide an additional donation of approximately 200 thrive cosmetic mascara wands for the students to enjoy.

DLA is grateful to be part of this collaboration and looks forward to working with I Support the Girls to Improve the Lives of Youth in our care!
